

## Veterinary Anatomic Pathologist

**CityU Veterinary Diagnostic Laboratory Company Limited** (CityU VDL) is a wholly owned subsidiary of City University of Hong Kong providing research and diagnostic services to local and regional veterinarians, along with world-class teaching and research facilities for students of CityU's Jockey Club College of Veterinary Medicine and Life Sciences.

### Job Description

We are looking for a Veterinary Anatomic Pathologist who is expected to:

- Provide anatomic pathology diagnostic services to companion animals as well as small numbers of farm animals, horses, aquatic species, laboratory animals, and exotic pets.
- Perform technical support to veterinary diagnosticians & supervise veterinary technologists.
- Participate in the laboratory's quality assurance program to maintain professional competency.
- Participate continued professional development, customer education, student teaching, validation studies and staff training.
- Perform other duties as assigned.

Holiday, after office hours and weekends rotations are required.

### Requirements

- Doctor of Veterinary Medicine degree OR equivalent registrable in Hong Kong, and a postgraduate qualification in Veterinary Anatomic Pathology
- Excellent written and spoken English
- Supervisory, multi-tasking and problem-solving skills for veterinary diagnostic and laboratory issues
- Proficiency in computer skills
- Self-motivated, detail minded and able to work under pressure
- Able to work independently and in a team, good time management, interpersonal and communication skills

Please submit your resume stating current and expected salary by email to [job@cityuvmc.com.hk](mailto:job@cityuvmc.com.hk) for application.
